

Vimala Rodgers' Change Your Handwriting, Create Your Future: 40 Days to Accessing Your Dreams!

We all have a very special reason for being here. We also have unique abilities and talents that can make a difference in the lives of others. Many of us, however, are out of touch with our uniqueness, and our purpose in life.

Handwriting is a graphic representation of who we are and how we express our gifts. It also indicates where they are hidden.

Vimala Rodgers is * an educator, * well-known motivational speaker and radio personality, * frequent visiting workshop teacher and staff process leader at Esalen, * author of **Change Your Handwriting, Change Your Life**, and * Director of the Institute of Integral Handwriting Studies, international center for training in the application of handwriting as a tool for personal transformation.

Let her show you how to alter your handwriting in order to access your hidden dreams and reveal the person you've been hiding all these years, the person you've always wanted to be in life, the gifted person you really are.

This 90-minute course details a 40-day process of practicing specific changes to help you reach your goals. It includes: • the Vimala Rodgers Handwriting System of letter formations that give you the ability to • communicate clearly • gently release the effects of the past • acknowledge your self worth • be self reliant, and • design a future based on the real you. Practicing your new writing changes will quickly become a treasured part of your day.

The Vimala Rodgers Handwriting System: An Introductory Course for Teachers

Created out of an overwhelming demand by many leading school systems for their teachers to be able to bring the **Vimala Rodgers Handwriting System** to their Students, this *introductory course* will allow the viewer to incorporate into their teaching many worthwhile traits that:

- increase self worth • self reliance • desire to learn • creativity, and
- overall well-being in the student.

The Vimala Rodgers Handwriting System has removed all strokes that reinforce fear and negative self-talk, and replaced them with simplified stroke patterns, that give the writer permission to acknowledge their talents and abilities, and share them with others.

Along with the video this package contains:

- Printed Teacher's Guide
- Reference Sheet of Letter Formations
- 12 important components to consider in writing
- 10 points guaranteed to increase students' receptivity
- Student Acknowledgement Stickers.

Applying the information in this video will have your students remember you as the teacher who made the biggest difference in their lives.

- "A whole new educational possibility — handwriting as a way of affirming... values, character, creativity, life, and love." — Asha Praveen, Education for Life School

"For much of the 30-year period, the handwriting system supports the child that lives within us all — who has a nearly sense of self-esteem, gusty self confidence, vigorous curiosity, willingness to excel, tireless creativity, and the wisdom of innocence, tolerance and clear communication skills. It is the Alpha of the 21st century, those attitudes needed to take us into the twenty-first century." — Vimala Rodgers
